SUPPLIER/ CONTRACTOR SAFETY AUDIT IS NECESSARY TO ENSURE WORKER SAFETY: CLOTHES PROVIDED (WHICH APPEAR TO HAVE BEEN PREVIOUSLY ASSIGNED TO OTHER PEOPLE) SEEM TO HAVE BEEN TREATED WITH DANGEROUSLY HIGH LEVELS OF CHEMICALS - POSSIBLY FLAME RETARDANTS - THAT CAUSE IMMUNOCOMPROMISATION AND VARIOUS DERMATOLOGICAL CONDITIONS IN THE SHORT TERM, AND ARE PROBABLY CARCINOGENIC IN THE LONG TERM.

Kaizen voorstel. (bij Hiyari Hatto is het niet nodig een voorstel te formuleren)

INVESTIGATE THE PROBLEM WITH THE SUPPLIER. IT IS LIKELY EITHER A CRIMINAL OR A MENTAL HEALTH MATTER; OR BOTH. SADLY, WHILE THERE IS A CERTAIN EXTENT TO WHICH A HIGH SHORT-TO-MEDIUM TOLERANCE FOR TOXIC CHEMICAL EXPOSURE FOLLOWS CERTAIN ~~AND~~ ETHNIC AND OTHER DEMOGRAPHIC LINES, THERE ARE A RANGE OF WORKPLACE SAFETY LAWS WHICH PROHIBIT THIS. THERE ARE ALSO GUIDELINES FOR SUCH CHEMICAL EXPOSURE. PLEASE SEE ~~MY~~ MY ATTACHED DOCUMENTATION + PRESENTATION.

Verwacht resultaat / opbrengst.

RESUME COMPLIANCE WITH APPLICABLE LAWS AND REGULATIONS.
